Education:

Bachelor's degree in Electronics & Communication — *2018 – 2023*
Beirut Arab University
Final Year project: Band Notched UWB Microstrip Antenna

GPA: 3.69

Baccalaureate in General Science **GS** — *June 2018*
Lebanese International School

Experience:

Cloud Core Network Engineer
Huawei Lebanon — *May 2023 – **Present***

- **2026.06 – Present | Lebanon Alfa IMS Project**

  Supporting end-to-end delivery of the IMS project, from hardware deployment through NFVI and VNF deployment, including integration of IMS with connected network elements and external systems such as HSS, MSC, PCRF, PGW, Provisioning, and Mediation.

- **2026.04 – 2026.06 | Lebanon TOUCH UPCF Project**

  Conducted site surveys to assess deployment requirements and site readiness for the UPCF project, while participating in customer technical discussions to present and clarify the proposed solution.

- **2025.06 - 2025.12 | Lebanon Touch EOX 1.2 Project**

  Supported network preparation, deployment, implementation, and maintenance activities throughout the project lifecycle. The project scope included CloudUSN Pooling and CU Full Mesh implementation, NFVI upgrades, preparation of Low-Level Design and Acceptance Test Procedure documentation, and UNC and UDG upgrades involving site surveys, hardware installation, NFVI expansion, and service migration.

- **2024.08 - 2025.07 | Lebanon OGERO EOS Project**

  Supported the preparation, upgrade, and maintenance of OGERO network elements following EOS version transitions. The scope included VNF components such as IMS, vUSN, vUGW, vCG, SBC, and MGCF; CS components including IM-MGW and AMGW; CloudDB components including HSS and UPCC; and MANO systems, contributing to network stability and reliability.

- **2023.06 - 2023.12 | *Lebanon TOUCH EOS Project***

  Supported the preparation and upgrade of customer network elements following EOS version transitions. The scope included VNF components such as VEPC , and vCG; OSS systems; NFVI platforms including FusionSphere, OceanStor, and E9000; and MANO systems.

Skills

Soft Skills:

- Teamwork
- Decision Making
- Communication Skills
- Critical Thinking

Hard Skills:

- MobaXterm | CCN FMA
- ANSYS HFSS | CST | ADS | Multisim | LabVIEW | AutoCAD | MATLAB
- Visual, Studio | Cisco Packet Tracer.

Languages

English: Fluent
Arabic: Native language

Call Center Agent
TOUCH *Nov 2022 – Feb 2023*

- Using E-chat or direct calls, handled and assisted client requests and problems in the most effective manner.

Internship
IPT Powertech Group *July - Aug 2022*

- With a unique procedure, IPT ensures power is maintained and supplied to Alfa and Touch sites. At Powertech Group, I was able to work and gain hands-on experience in a variety of departments responsible for power efficiency, maintenance, and supply.

Internship
OGERO *June - Aug 2021*

- Got introduced to DSL transmission methods and the procedure to reach clients as well as the differences between fiber and copper equipment used.

Certifications:

Udemy Online Courses:

- HTML, CSS, & JavaScript for beginners. *May 2021*
- Learn to Code in Python 3. *Aug 2021*

Huawei Certification:

- Huawei 5G HCIA *Dec 2025*

Projects & Publications :

- **"Band notched UWB Microstrip Antenna for Wireless Applications"** **Publishing** *May 2023*
- **"Personal Website"** https://ahmaditani.netlify.app **,** Visual Studio was used to run React environment. The website aims to connect with like-minded individuals and provide a better understanding of my journey. *Apr 2023*
- **"Hexagonal Patch Antenna for Ultra-Wide Band Applications"** **Published - 2023 IEEE 4th International Multidisciplinary Conference on Engineering Technology (IMCET) . 2023 , Page(s):229 - 232** *Feb 2023*
- **"Dual Band Circular Patch Antenna for GPS and WiMAX Applications"** **Published - 2023 IEEE 3rd International Maghreb Meeting of the Conference on Sciences and Techniques of Automatic Control and Computer Engineering (MI-STA), Benghazi, Libya, 2023, pp. 691-695** *Dec 2022*
- **"A Compact Band-Notched Circular Patch Antenna for UWB Application"** **Published in CANWEST IRC 2024**
